

# SMS Instrument Rental Contract

SMS has a small collection of instruments for rent that cannot be rented from a music store. These include Tubas, Euphoniums, Bari Sax, Bass Clarinet, and Double French Horns. These instruments will be shared with one student per grade level. For instance one euphonium may be shared with a 6th, 7th, and 8th grade student. Because of this, each student is expected to buy their own mouthpiece, reeds, oils, and cleaning supplies.

We also have a very limited number of flutes, clarinets, trumpets, saxes, and trombones available for students in financial need. These are given on a first come first serve basis. These instruments are not shared across grade level, however the student needs to have their own reeds, oils, and cleaning supplies.

The cost for renting a school instrument is 10 dollars per month. We prefer that this is paid in full (\$100 for the year) or by semester (\$50 a semester). This helps us cover the cost of repair for the wear and tear on the instrument.

These instruments will remain the property of Staunton City Schools and the parent and student are responsible for any damage or loss of the instrument.
